Gillotts Funeral Directors have been serving families for generations. We pride ourselves on providing a caring and professional service, and treating the families we serve in a fair and honest manner. We believe that providing information about the choices available, and the costs involved, is an important part of this.

This document contains information about the services and products we provide, our extensive coffin and casket range and the many options available for cremated remains.

We also provide details of the Third Party Fee element of the funeral costs. These are charges levied by Crematoria, Cemeteries, Churches and Officiants amongst others for the services they provide as part of the overall funeral.

At the back of this brochure is a funeral cost calculator to allow you to begin calculating for yourself the likely cost of the funeral if you wish to. If you have any questions, please do not hesitate to contact us.

The charges in this brochure relating to the services and goods we provide are valid until 31st December, 2016.

Funeral Costs

The total cost of a Funeral comprises two constituent items:

1. Disbursements (Monies paid out to third parties on our client's behalf)

Disbursements are the fees paid to third parties, such as crematorium, cemetery, church, clergy and doctors' fees, and fees for newspaper notices, which we pay on your behalf. In providing an estimate of proposed funeral costs prior to the funeral, disbursements will be quoted at the costs known to us at the time of making the funeral arrangements. Any subsequent adjustment or change to these charges by the third parties involved is beyond our control and will be reflected on the final account.

2. Funeral Directors' Charges.

The charges we make for the services we provide are separated into a number of categories, as proscribed by the NAFD Code of Practice, as follows:

Professional Services - this includes:

An appropriate proportion of our overheads, providing a 24-hour telephone support service to assist clients during the time of our involvement with them, provision of trained personnel able to make all the necessary arrangements in accordance with our clients' requirements, organising and obtaining the required statutory forms from coroners, doctors and hospitals, preparation of all necessary documentation and delivery to the relevant authority within a 15 mile radius of our premises, arranging and placing press notices with local and national newspapers, provision of Chapels of Rest to enable family and friends to pay their last respects, receiving and caring for floral tributes prior to the Funeral, receiving and administering donations on the family's behalf. On the day of the funeral, providing a qualified funeral director to supervise and conduct the Funeral. **£950.00**

Removal Charge

This is for the removal of the deceased from the place of death, or from where the deceased may have been taken prior to our involvement. This allows for removal conducted by two members of staff within a 10 mile radius of our premises at any time during the day or night. **£180.00**

Care of the Deceased

This includes the use of our mortuary facilities to retain the deceased on our premises for up to 14 days, preparation of the deceased (including embalming with our client's consent) and the dressing of the deceased as appropriate. **£125.00**

Funeral Staff

This charge covers the staff who drive the funeral vehicles and handle the coffin throughout the funeral. Under normal circumstances four members of staff are provided. To maintain safe working practices when family bearers are provided a minimum of three members of staff will be in attendance. **£30 per person**

Coffin/Casket Charge

The coffin or casket chosen by the family is the focal point of the funeral service, and can play a part in telling the story of the deceased's life and personality. If dad didn't like a lot of fuss then a simple coffin with unobtrusive fittings may fit the bill. If mum loved all things pink then a bright pink coffin – perhaps with flowers or her name engraved on the side – might raise a smile on a difficult day. Our aim is to provide a wide choice of designs to ensure that the coffin or casket chosen is right for each individual.

The following pages show the options available within our comprehensive range of coffins and caskets.

Funeral Vehicles

We are proud of our fleet of modern Jaguar funeral vehicles, which we believe provide our clients with the best in dignity, comfort and reliability.

The charges for use of our funeral vehicles are:

- Provision of Motor Hearse** **£240.00**
- Provision of Limousine(s) for the funeral (six seats) - each Limousine** **£195.00**
- Provision of Jaguar Saloon car for funeral to transport up to three mourners, or where no limousines are required, to transport funeral staff and/or officiant** **£ 95.00**

The Vehicle charge is based on a funeral provided using our own vehicles with a total inclusive mileage of 30 miles, and taking up to 2 ½ hours to complete from the time the Cortege leaves our premises to the time of return of all vehicles and staff to our premises. Additional mileage and/or time charges will be quoted dependent upon the requirements involved.

Alternative Options

There are a range of alternative vehicles available to make the funeral even more personal. If you are interested in using any of these vehicles please let us know as soon as possible, and preferably before the funeral date and time is arranged. Once the date and time has been arranged, we cannot guarantee availability.

Please note also that there are limits to the size of coffin that some of these vehicles can accommodate – particularly the Horse-drawn and Morris Minor Hearses. If difficulties were to arise we would discuss them with you before proceeding. As space is limited, it is usually necessary to use our motor hearse or an additional vehicle to transport floral tributes and/or funeral staff.

The cost of the hire of these vehicles will be included on the funeral account as a third party fee, and we request that this is paid a minimum of two working days prior to the day of the funeral. Please note that the charges quoted are those levied by our usual suppliers and may be subject to change.

Horse-drawn Hearse

Black hearse & two black horses	£625
White hearse & two grey horses	£700
Pink hearse & two grey horses	£900

The Horse-drawn Hearse gives a Funeral a sense of the grandeur and elegance of times past. Distances are limited to approximately 8 miles, with the cortege travelling at approximately 8 mph. Plumes and drapes are available in a variety of colours.

Motorcycle Hearse

The Motorcycle Hearse is a perfect option for those who preferred life on two wheels rather than four. Three models are available (L – R) Triumph, Suzuki Hayabusa and the Silver and Black Harley Davidson.

Triumph or Suzuki - **£675**

Harley Davidson **£725**

Further options for personalising the Funeral

Dove release

Releasing doves at a graveside or following a Crematorium service symbolises peace and hope.

Please note that doves cannot be released in inclement weather conditions such as heavy fog, rain or snow.

The Dove Release staff will read a poem of your choice and then either assist family members to release the doves, or perform the release themselves.

Single Bird Release £100 approx

Trinity Release £180 approx

Single bird release, followed by three doves representing the Holy Trinity. For other quantities please ask.

Piper

A piper can provide a dramatic and moving tribute at a Funeral. The piper could lead the funeral cortege from the family home, or up to the Church or Crematorium entrance.

The emotive sound of the bagpipes playing traditional songs can uplift the spirit and touch the heart. Seen over the ages at state and military funerals and remembrance days, pipers can be a fitting part of a funeral for a Scottish or Irish national, or for anyone who is fond of bagpipe music.

The Cost is approximately £175, depending on the individual who is available on the day, the length of time they are required, and the distance they would need to travel.

New Orleans Style Jazz Band

A Jazz Band brings the flavour of New Orleans to a special occasion. Available to lead a funeral procession to Church or the Crematorium, to play outside of the family home prior to the departure of the cortege, and also if required at the gathering afterwards.

Costs depend on which band is selected – the two local options are the Oriole Jazz Band and the 4-piece Fabulous Tea Bag Boys. The number of band members involved and the length of time required. Cost starts at approximately £450.

Other circumstances

These include:

- Collection of deceased from within mainland U.K. for a funeral to be conducted by ourselves.
- Where the location of the funeral requires a travelling distance of more than 30 miles
- Transfer of deceased to a funeral director in another area for the funeral.
- Arrangements for repatriation of deceased to another country or part of the U.K.
- Exhumation of deceased or of cremated remains

Due to the variable nature of these circumstances, an estimate of likely costs will be given once we are aware of your requirements.

Limited Service Option

Cost - £1,250 plus third party fees.

For those who wish to keep funeral costs to a minimum. The full cost (or where a DWP claim is being made, the expected shortfall) must be paid before the funeral date and time is confirmed.

This option consists of:

- Completion of necessary paperwork at our premises during normal working hours.
- Date and time of the funeral at our discretion.
- Removal of the deceased from the place of death or from where the deceased may have been taken prior to our involvement, within 10 miles of our premises at any time of the day or night, and holding deceased on our premises for up to 14 days.
- Provision of a basic coffin suitable for burial or cremation, and dressing gown.
- Provision of Chrysler hearse vehicle for the conveyance of the coffin directly to the Crematorium, Cemetery or Churchyard.
- Provision of a funeral director and two members of staff to assist the family to handle the coffin. If additional staff members need to be provided to ensure safe handling of the coffin, these will be charged at a cost of £30 per person.

Direct Burial or Cremation

Cost: £850 plus third party fees

For those who do not wish to hold a funeral service and simply wish us to make the necessary arrangements for the Burial or Cremation of the deceased. This option can only be selected when payment for all charges, including disbursements, is made at the time of making the arrangements, and comprises:

- Completion of the necessary paperwork at our premises during normal working hours to permit the burial or cremation.
- Date and time of the burial or cremation to be determined by ourselves
- Removal of the deceased from the place of death or from where the deceased may have been taken prior to our involvement, within 10 miles of our premises at any time of the day or night.
- Provision of a basic Coffin of our choice and dressing gown.
- Holding the deceased on our premises for up to 14 days from the date of death
- Provision of a suitable vehicle and a maximum of three members of staff to transfer the coffin to a crematorium, cemetery or churchyard up to a maximum of 10 miles from our premises, with no mourners present and no service held.

Both of these options specifically exclude all of the following:

- Limited Service Option: holding a Service in a Church or other venue prior to the committal – service to be held at Crematorium chapel, cemetery chapel at the site of the grave, or at the graveside.
- Embalming, dressing the deceased in their own clothes, or viewing of the deceased.
- Handling of donations on the family's behalf
- Placing of press notices, provision of attendance cards, order of service sheets, ordering of floral tributes.
- Involvement with cremated remains following the funeral – cremated remains to be scattered at the crematorium, or collected from the crematorium by the applicant.
- Third party fees

Paying for the Funeral

As part of the discussions with our client we will discuss how the cost of the funeral is to be met, and will give an estimate of the cost of the funeral. We request that the estimated Disbursements or Third Party Fees – e.g. crematorium, cemetery, church and officiant's fees, plus the costs of any alternative vehicles requested, are paid two days prior to the funeral. The Funeral Account is then prepared approximately 7 days after completion of our services and sent to the person named as our client on the estimate. If you would like the account sent sooner than this then please let us know.

We reserve the right to require additional or full payment in advance of the funeral day in certain circumstances, which include but are not limited to the following:

- Repatriations from the UK mainland
- Exhumation of the deceased or cremated remains.
- Where we have been informed that neither the deceased's estate or our client have the necessary funds to cover the estimated funeral costs.
- When a DWP claim is being made, we require payment of the expected shortfall between the estimated costs and the likely amount received from the Social Fund, subject to satisfactory evidence that our client is eligible to receive a payment from the Social Fund.
- When the Limited Service Option is selected, payment in full (or payment of the DWP shortfall) is required before the date and time of the funeral are confirmed.
- When the Direct Burial or Cremation Service is selected, payment in full is required at the time the arrangements are made.

Methods of Payment accepted.

- Cash payments are accepted during office hours either at our premises or by collection within 5 miles of our premises.
- Payment by cheque at our premises or by post. Please make your cheque payable to Gillotts Funeral Directors.
- By BACS - **Account name:** The Eastwood Funeral Partnership **Sort Code:** 20-63-28 **Account No:** 20933279. Please quote the deceased's surname and initials so that we can identify your payment.
- By most debit and credit cards either at our premises or over the telephone during office hours. Payments by American Express will be subject to a 3% surcharge.

Payment by instalments

We recognise that funds are not always immediately available to pay for a funeral. We work with Braemar Finance to offer the ability to pay for all or part of the funeral costs by instalments over terms of between 1 and 5 years, with a typical APR of 14.9%. The process begins with completion of a simple application form at the time the funeral is arranged. During office hours, a decision will be received from Braemar in around 20 minutes.

For more information or to calculate the monthly costs please contact us or ask your funeral arranger.

Our Payment Terms

Should the account remain unpaid 21 days after the date the account was due to be paid, the business may at its discretion:

- Add interest to the account at the rate of 12% per annum, payable from the date of the account until the payment, including any such interest accrued, is received in full.
- Place the debt with a collection agency or a solicitor to recover payment, adding all fees and charges incurred in the process to the outstanding balance.
- Prepare the matter for action by the courts to recover through the courts all amounts outstanding, adding all legal costs, court fees, filing fees, and any associated costs of such action to the outstanding balance.

Sourcing our coffins and caskets

We are proud of our partnership with established local coffin manufacturers Steve Soult Ltd, based in Kirkby-in-Ashfield, Nottinghamshire, who produce our veneered and solid timber coffins and caskets.

We have chosen this company – the only English coffin manufacturer to have achieved membership of the prestigious Guild of Master Craftsmen - because their mission to provide Uncompromising Quality dovetails perfectly with our aim to provide the highest levels of care and attention for the families we serve.

A number of the coffins in our selection have been specifically designed by us in partnership with the team at Steve Soult Ltd, bringing together our experience of the needs of families with their expertise in creating quality products.

Our close relationship and proximity enables us to provide a highly responsive service. Typically, when our client has made their decision, the coffin or casket will be handcrafted to our exact specifications. When it is completed, the chosen interior and exterior details are added at our premises.

We believe that this offers a number of advantages for the families we serve. Our bespoke range gives families the widest range of options to personalise the design and finish of the coffin, but in fact many of our designs can be adapted on request. This in conjunction with our close working relationship with the team at Steve Soult Ltd means that we are confident of the highest quality of finish of each coffin arriving at our premises.

Caring for the environment

Whilst every funeral will have an impact on the environment, we believe that there are many small but important ways that this can be managed. By choosing a company who manufactures only 9 miles from our premises we have minimised the fuel footprint of our traditional coffin range.

Steve Soult Ltd have an ethical sourcing policy which ensures that wherever possible all of their timber suppliers are accredited by the Forest Stewardship Commission and high quality, fast-growing European timber is chosen. In addition, investment in wood waste technology has reduced the waste footprint of their entire manufacturing process by 85% whilst also lowering fuel consumption.

We also work with other suppliers whose products are shown in this brochure, who provide environmentally conscious alternatives in a range of materials.
