We pride ourselves on providing a caring and professional service, offering choice, and treating the families we serve in a fair and honest manner. We believe that providing information about the choices available, and the costs involved, is an important part of this. We apply this ethos not only to the funerals we carry out on a daily basis, but also to funeral planning.

AT THE HEART OF YOUR FUNERAL PLANNING

We treat everyone who comes to us to help plan their funeral as an individual – some will want to record lots of detail about their wishes, as this illustration shows, whilst others simply want to know that the basics are covered, and prefer not to worry about the finer details.

Perfect Choice has been our preferred choice of Funeral Plan since its formation more than 20 years ago, as we can offer it to our clients with the certainty that the scheme is operated in a professional way. Perfect Choice was formed by the National Association of Funeral Directors (NAFD), the leading association supporting the Funeral profession, and is now operated by Ecclesiastical Planning Services Ltd.

Flexibility

With five set plans and the option to create a completely bespoke plan, we can ensure that your funeral plan fits your needs. For couples, there is the option to create a plan which covers either party, which is useful if the funds are not available to take out two plans.

Paying for your funeral plan can fit in with your needs too – you can either pay in full or over 12 months at no additional cost, or over instalments of up to 5 years. You can also make a higher initial payment to bring down the monthly payments.

Security

Ecclesiastical Planning Services Ltd is registered with the Funeral Planning Authority (FPA) and the Financial Conduct Authority (FCA). When you purchase a Perfect Choice Funeral Plan, the monies you pay are held in a whole of life assurance product created specifically for the purpose of providing a secure depositary for clients' funds. Ecclesiastical Planning Services Ltd only works with UK-based life assurance companies that are authorised by the Prudential Regulation Authority (PRA) and regulated by the PRA and the FCA.

Transparency

The total amount paid for your funeral plan, with the exception of a separately identified administration fee, which is clearly shown on the application form, is placed into the Whole of life assurance product. There are no hidden fees or deductions which could affect the value of your funds within the scheme.

Quality

The fact that these plans can only be purchased from Funeral Directors who are members of the National Association of Funeral Directors, the leading Association within the Funeral Profession, (established in 1905), means you are receiving advice and guidance from trained professionals, ensuring that your funeral plan will be written to meet your requirements when the funeral is required.

Because you are dealing with a Funeral Director who is a member of the NAFD, you have the protection that as a member, we abide by the NAFD Code of which is designed to ensure a high level of service when the funeral is provided.

The charges in this brochure are valid until 31st December 2020

We offer two ways to create the ideal Funeral Plan.

1. Set plans for Cremation

On pages 6 - 10 you will find details of the set plans available, along with the cost of each plan and the services and facilities which it includes. These plans include three elements – a contribution towards the third party fees necessary for the funeral, the funeral directors' charges for the plan specification detailed, and the Perfect Choice administration fee.

2. The Personal Plan.

If you are planning a burial, or if none of our set plans suit your needs, we will create a completely bespoke plan following discussion of your needs. Please see pages 12 onwards for more information.

How the cost of your plan is calculated.

There are three elements which make up the total amount payable for your Funeral Plan.

a) Funeral Directors' Charges.

Within the set plans, the amount charged reflects the package of our services included in that plan. The costs within the Personal Plan will be calculated based on your requirements.

In all cases, the amount paid for the Funeral Directors' Charges is guaranteed to cover the services included in the plan at the time we deliver the funeral.

At the time of the funeral, the family or executors may request additional services which are not included within the plan. The costs of these additions would then be charged to the family or executors who had requested them.

b) Contribution to Third Party fees.

Third Party fees are payments we make to other entities, such as Crematoria, Doctors, Officiants on your behalf as part of the requirements to deliver the funeral. The amounts included in both the set plans and the personal plan represent the approximate level of fees payable at the time the plan is taken out.

The money you have paid as a contribution towards disbursements is guaranteed never to fall in value, and is expected to grow at a faster rate than inflation. However, the level of increase in Third Party fees is beyond the control of both Perfect Choice and ourselves as Funeral Directors. For this reason it is possible that amount received from Perfect Choice will not totally cover the Third Party fees payable.

When the funeral is provided, Perfect Choice will provide details of how the money within the plan which was allocated for Third Party fees has increased in value. If there is a shortfall between the amount received from Perfect Choice, and the actual cost of the fees, then the difference will be payable by the family or the executors at the time the funeral is arranged. (For more details please see item 3.2 in the Perfect Choice Terms and Conditions, which are included within your Perfect Choice Folder.)

c) Perfect Choice Administration Fee.

This is a one-off payment towards the administration and operating charges for the scheme. It is separately itemised, leaving the full cost of your plan to be placed within your Whole of life assurance product.

Payment Options.

Plans can be paid for in full by cheque or debit card at the time of making the arrangements. If you are paying by cheque, we recommend that you wait until we have completed the necessary paperwork for you before writing or obtaining your cheque. If you wish to pay by bank transfer please let us know and we will provide you with details.

Due to the high cost of processing, we are unable to accept payment by cash or credit card. If payment by cash is unavoidable, we regret that there will be a handling charge payable of 1% of the total cost of the plan, which represents the cost to us of handling the transaction on behalf of Perfect Choice. We cannot accept any payments for Perfect Choice plans by credit card, it may be possible to make a credit card payment direct to Perfect Choice.

Alternatively, you can pay for your plan by instalments over either 12 months at no additional cost, or over 24, 36, 48 or 60 months at an additional cost. It is not possible to vary these instalment periods. For all plans payable by instalments over a period of more than 12 months, the cost of the plan is calculated to ensure that, when all instalments have been paid, the plan value is equal to one where the full amount was invested at the time the plan was taken out. You can also pay a larger initial payment, and pay the remainder by instalments.

For the set plans, the costs of paying by instalments are shown on page 11. For personal plans, or where additions are made to the set plans, the amount payable will be calculated based upon the cost of the plan, and the number of instalments chosen. When paying for a plan by instalments, the first payment, consisting of the Perfect Choice Administration Fee and the first instalment payment, is payable by cheque or debit card. A Direct Debit will then be set up for the collection of the remaining instalments.

Taking out your plan.

Once you are ready to take out your Perfect Choice plan, you can either visit one of our Funeral Homes or we can visit you at home. If you do decide to visit us, please telephone beforehand to make an appointment, to ensure that someone is available to assist you without delay. If you prefer that we visit you at home, then we would make an appointment that was mutually acceptable. Due to the nature of our business, during busy periods we may need a few days' notice to accommodate such a visit.

Once we have agreed the details to be incorporated into the plan and the costs involved, we would complete the Perfect Choice Application Form, which records your personal details, along with those of your next of kin if applicable, the details of the funeral required and the relevant costs agreed for the services to be provided.

Additional options available

Either / or facility. Perfect Choice plans provide the opportunity to take out a single plan which can be used to provide the funeral for one of two people. This can be used either to provide the funeral of the first of a couple who passes away, where perhaps the second funeral is likely to be funded by the sale of property. Alternatively, we can write two plans where the specification of the first funeral is different to that of the second - perhaps due to the purchase of a burial plot, we can write a plan which covers whoever passes away first, leaving the second plan for the surviving partner.

Recording Personal information. The Perfect Choice Application form can be used to record your preferences about the music or hymns to be incorporated into the Funeral Service, whether you would prefer donations in lieu of flowers to be collected in your memory, and also has space for any other specific requests to be recorded.

The Personal Plan

The Personal Plan is a bespoke plan tailored to suit your particular requirements. The following pages show some of the choices which can be incorporated into a Personal Plan. These can include either traditional or alternative funeral vehicles, your choice of coffin, and, if you wish, arrangements for the burial or scattering of cremated remains.

The Cost of a Personal Plan

Because of the bespoke nature of each Personal Plan, it is not possible to estimate their likely cost in this document. We have listed some of our core charges below which are common to most plans, but we will need to discuss your requirements with you in order to give an accurate estimate of the costs of your chosen plan.

Funeral Directors' Charges

Core Charges for a Hearse only Funeral Including Professional Services, transfer of deceased to our premises within a 10 mile radius by two members of staff, care and preparation of deceased and provision of appropriate viewing facilities, and provision of Motor Hearse, Funeral Director and Four Funeral Staff on the day of the Funeral.	£2,260.00
Core Charges for Hearse and One Limousine (6 seats) Including Professional Services, transfer of deceased to our premises within a 10 mile radius by two members of staff, care and preparation of deceased and provision of appropriate viewing facilities, and provision of Motor Hearse and One Limousine, Funeral Director and Four Funeral Staff on the day of the Funeral.	£2,360.00
Additional Limousines, each (6 seats)	£200.00
Coffin Home prior to funeral during working hours	£150.00
Provision of Motor Hearse and four bearers to take the coffin into Church on the day prior to the funeral.	£295.00
Making the arrangements for, and local attendance at the interment or scattering of cremated remains	£45

Contribution to Third Party Fees

These can include the Crematorium, Cemetery and Churchyard fees required for the funeral of your choice, along with a wide variety of charges for items such as Church and Officiants' fees, Alternative Funeral Vehicles and Newspaper Notices.

It is impossible to give an indication of the likely level of contribution required to the Third Party fees in this brochure, as there are so many variations. If you wish to find out before you proceed with your plan, please contact us with information about the type of funeral you wish to plan.

Perfect Choice Management Fee - Currently £180

Paying for a Personal Plan by Instalments

Personal Plans can be paid for using the same instalment periods as for the set plans, i.e. over 12 months at no additional cost or over 24, 36, 48 or 60 months at an additional cost. Once the cost of the plan has been ascertained, the amount payable will be calculated based upon the cost of the plan, and the number of instalments chosen.

Funeral Vehicles

Our Core Charges include the use of our fleet of funeral vehicles. We have operated Jaguar funeral vehicles for generations, and although we cannot guarantee that this will be the case when your funeral takes place, it is our intention to retain our association with Jaguar for as long as possible.

Alternative Funeral Vehicles, Coffins and Cremated Remains Caskets.

The following pages show some of the alternative vehicles available to convey the coffin, and also our full range of coffins and cremated remains caskets. Any of these can be incorporated into a Personal Plan, and all costs are shown.

We source both the Alternative vehicles shown here and the coffins, caskets and cremated remains containers we supply from a range of suppliers. It is possible that they may no longer be available to us when the funeral takes place. If such an eventuality occurs, we would discuss with the person arranging the funeral the closest available alternatives, and any alteration to the cost which may occur as a result.

Alternative Modes of Transport

There are a range of alternative vehicles available to make the funeral even more personal, and which can be incorporated into your Perfect Choice Plan as a Third Party Fee. Please note that to facilitate transport of funeral staff and floral tributes it is customary to use our Motor Hearse in addition to these vehicles.

Horse-drawn Hearse

The Horse-drawn Hearse gives a Funeral a sense of the grandeur and elegance of times past. Distances are limited to approx. 8 miles, with the cortege travelling at approximately 8 mph. Plumes and drapes are available in a variety of colours.

Black hearse with two black horses	£700
White hearse with two white horses	£725
Gold hearse with two black horses	£800
Silver, Pink or Rainbow hearse with two black or white horses	£900

Prices also available for four horses and for use of a mourners' carriage – please ask for details.

Motorcycle Hearse

The Motorcycle Hearse is a perfect option for those who prefer life on two wheels rather than four. Three models are available (L – R) Triumph, Suzuki Hayabusa and the Silver and Black Harley Davidson.
